- Your signature is needed to allow Commercial Utility Brokers.com Ltd/Cub-Wales Ltd to find out your contract-end details and source the energy Market to give you a tailor-made quotation {this will be when you're within 4 months of the contract-end date} This is initially a fact-finding service which reports back to you offering you the best quotes at the appropriate time Commercial Utility Brokers.com Ltd/Cub-Wales Ltd only enters into utility contracts on the Clients Express Instructions We need you to contact us as soon as you receive your renewal letter from your current supplier, this will notify you of your contract end date and renewal offer. We will also find out and watch this contract end-date for you, but can't be held responsible for losses incurred by roll-over, or terminations not accepted by suppliers. After your quote acceptance we will terminate your current contract renewal to ensure unwanted, expensive automatic roll-over doesn't take place. We also can't be held responsible for losses incurred because of the time-period taken for Suppliers to start energy contracts. We, as your utility consultants arrange best-price contracts on your behalf, we do not supply utilities ourselves
